I'm passionate about helping people and creating positive customer experiences.

I'm a professional with 10+ years of experience supporting customers and working in client-facing roles.

Throughout my career, I've helped multiple companies achieve their goals by improving customer experience, increasing revenue, attracting new clients, and strengthening customer retention.

I'm fully bilingual (English/Spanish), organized, detail-oriented, and flexible, very tech savvy and comfortable working with technical concepts.

I'm a balanced mix of communication, problem-solving, and adaptability, and I enjoy contributing in roles where I can make a real difference in the customer experience.
