

To Whom It May Concern,

This letter is to verify that Daniel Patino was employed at Assure Health as part of our Patient Education/Member Acquisition team.

Daniel worked with us from June 2022 to May 2024. During this time, he was an integral member of our sales department, where he actively supported the growth of our enrollment initiatives. As a salesperson, his responsibilities included educating potential members about our services, guiding them through the enrollment process, and ensuring a seamless transition into our programs.

I was VP, Patient Engagement for Assure Health when Daniel worked there, however I am not longer employed with the company. If you require any additional details or confirmation, please feel free to contact me at jon@proterahealth.com or 561-789-3294.

Sincerely,

Jonathan Bolz

ASSURE
HEALTH
